MESSAGE FROM HON. CHAIRMAN

Dear Students, Teachers, and Parents,
As we conclude another successful academic year, I extend my sincere appreciation to the entire Brighton World School family for their dedication, hard work, and unwavering commitment to excellence. Each passing year brings with it new challenges, learning experiences, and accomplishments, and this year has been no exception.

Education is not just about academic success; it is about building character, instilling values, and preparing students for the future. At Brighton World School, we strive to create an environment where students develop confidence, leadership skills, and a passion for lifelong learning.

As we step into a new academic year in April, I encourage students to dream big, stay focused, and embrace every opportunity to grow. Our faculty members, with their dedication and innovative teaching methods, will continue to provide the best possible learning experience. Parents, your role as partners in this journey remains invaluable, and I thank you for your continued support.

Together, let us make the upcoming year one of innovation, success, and holistic development. Wishing everyone a year filled with learning, achievements, and new milestones!

Mr. Pankaj D. Veer

Chairman

School Managing Committee
Brighton World School

Advisory Board Insight:

Dr. Vaishali Veer Madam

(Education Officer - Planning, Mumbai)

"Education is not just about imparting knowledge; it is about igniting the curiosity to explore, the courage to question, and the commitment to contribute to society."

— Dr. Vaishali Veer

With a visionary approach towards educational planning and development, Dr. Vaishali Veer Ma'am brings a wealth of experience and insight to our advisory board. Her keen understanding of the evolving educational landscape in India guides institutions toward adopting inclusive, innovative, and impactful practices.

Dr. Veer emphasizes the importance of competency-based learning, skill development, and holistic education. She believes in empowering students not only with academics but also with values, creativity, and emotional intelligence. Her association with Brighton World School inspires us to strive for academic excellence while nurturing responsible global citizens.

We are honored to have her guidance as we continue to build a learning environment that shapes minds and touches hearts.

MESSAGE FROM PRINCIPAL DESK

Academic Year 2025–26

Dear Students, Parents, and Educators,
It gives me immense pleasure to welcome you all to a new academic year full of possibilities, dreams, and milestones. The year 2025–26 marks yet another step forward in Brighton World School's journey toward excellence in holistic education.

This year, we are excited to introduce the ROBBOX Curriculum, a forward-thinking addition designed to nurture scientific temper, technological curiosity, and hands-on learning. By integrating robotics and coding into our academic framework, we aim to empower our students with 21st-century skills and prepare them for a future driven by innovation and digital fluency.

Our vision remains steadfast: to create a learning space that balances academic rigor with creativity, values, and emotional well-being. With our passionate educators, supportive parents, and brilliant students, I am confident we will continue to create success stories and happy memories.

Let us all embrace this new beginning with enthusiasm and purpose. Here's to a year of growth, discovery, and extraordinary learning!

Orientation Program

**Brighton World School -
Orientation Program 2025-26** 🎓
Brighton World School
successfully conducted the
Orientation Program for Grades I
to X for the Academic Year 2025-
26.

The session aimed to familiarize
parents and students with the
school's vision, curriculum,
teaching methodologies, and key
academic expectations for the
upcoming year.

Looking forward to a year of
growth and learning. ✨📖

A New Beginning, A New Journey

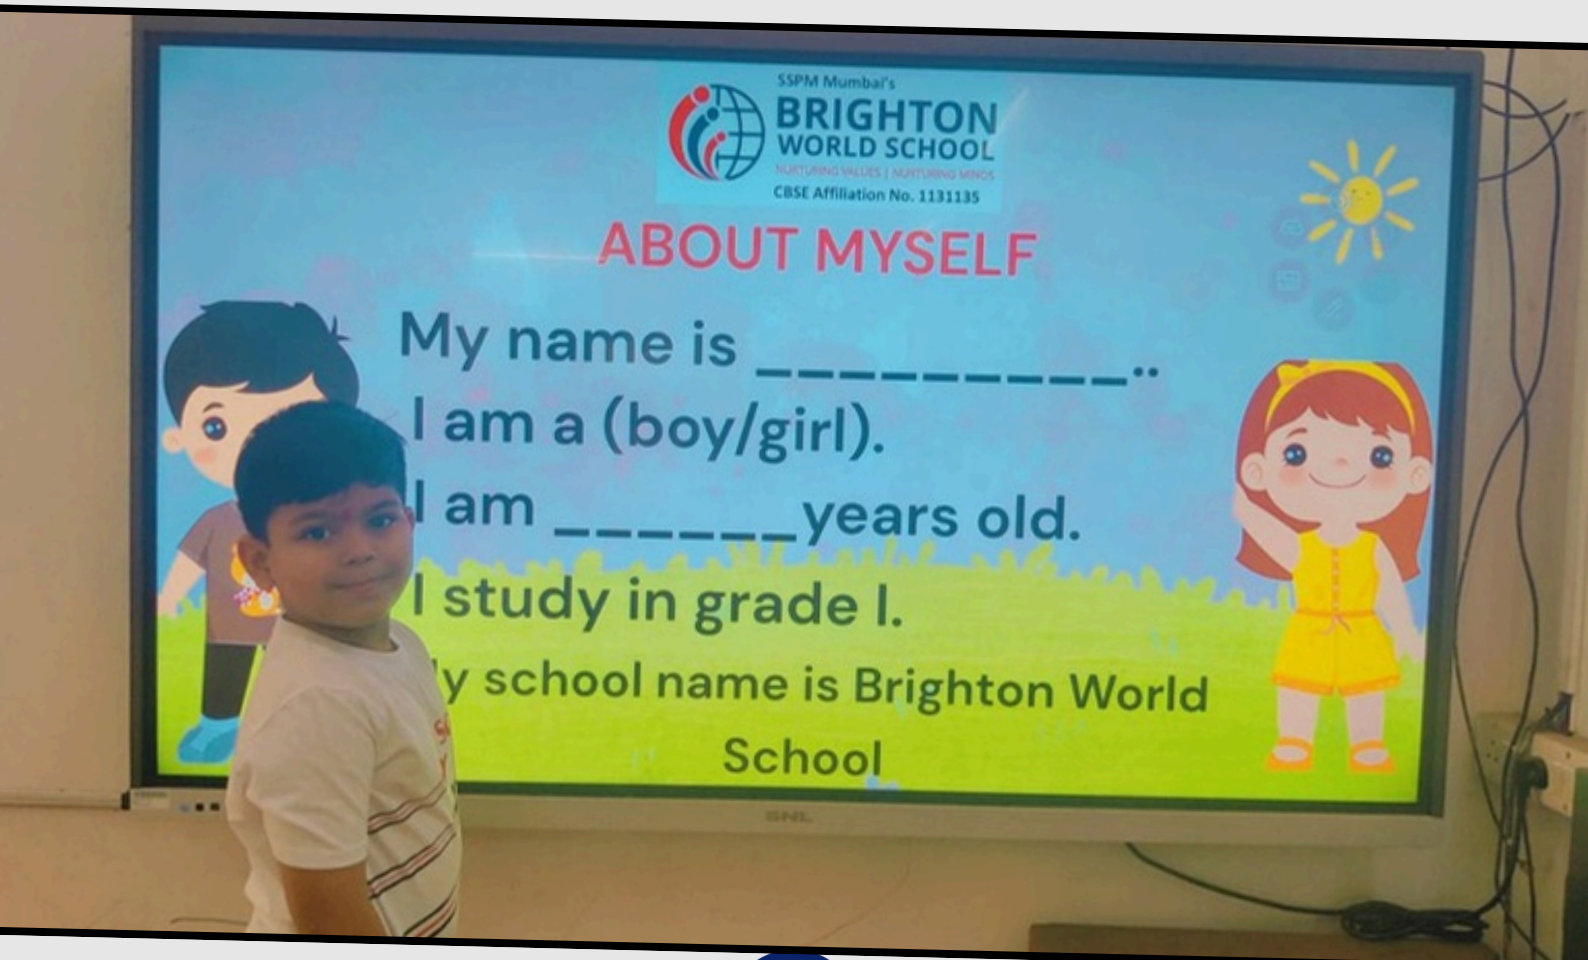

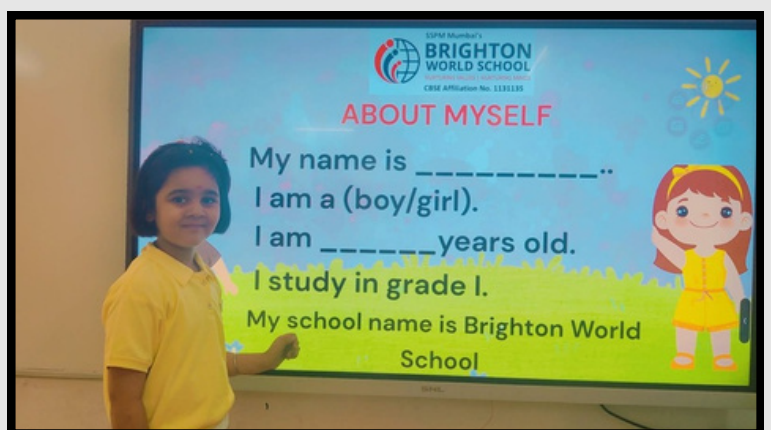

"A New Beginning, A New Journey! ✨🎉"

Brighton World School proudly welcomes our students to the academic year 2025-26! With hearts full of excitement and classrooms brimming with possibilities, we embark on yet another journey of learning, growth, and success.

From warm greetings to joyful smiles, today marks the start of a year filled with curiosity, creativity, and achievements. Let's make every moment count!

Wishing all our students an inspiring and fulfilling year ahead! 🌟🇮🇳"

Yoga Session

A fun yoga session was held for our Grade 1 students to help them stay active, calm, and focused. The kids enjoyed stretching, breathing, and learning through playful poses!"

Colour Activity

"Brighton World School conducted a fun and interactive Primary and Secondary Colours Activity for Grade 4 students. Children explored colour mixing by using their hands to blend primary colours and create secondary colours. The activity concluded with vibrant handprints on paper, sparking creativity and joyful learning!"

Promise Card & Badge Making Activity

Brighton World School recently conducted a creative and value-driven activity for students from Grades III to IX.

Grades III to V participated in a Promise Card Making Activity, where students penned down thoughtful promises focused on values like honesty, kindness, and responsibility. This activity aimed to nurture a sense of accountability and personal growth among young learners.

Grades VI to IX engaged in a Badge Making Activity, designing badges that reflected themes such as leadership, environmental care, unity, and respect. The activity encouraged artistic expression and deeper understanding of social values.

Both activities were designed to instill a sense of purpose, creativity, and moral values in students while also enhancing their fine motor skills and creativity.

Grade- IV Science Lab Activity : Leaf Observation

The students of Grade IV visited the Science Lab for a hands-on activity on "Leaf Observation". The objective of the activity was to help students:

Identify different types of leaves.

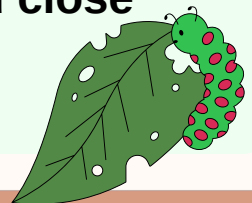

Understand the structure of a leaf (midrib, veins, lamina, petiole).

Observe the texture, color, shape, and size of various leaves.

Learn the importance of leaves in photosynthesis.

Students enthusiastically observed and compared different types of leaves .

The activity encouraged curiosity, scientific thinking, and close observation skills.

Seeds Germination Practical

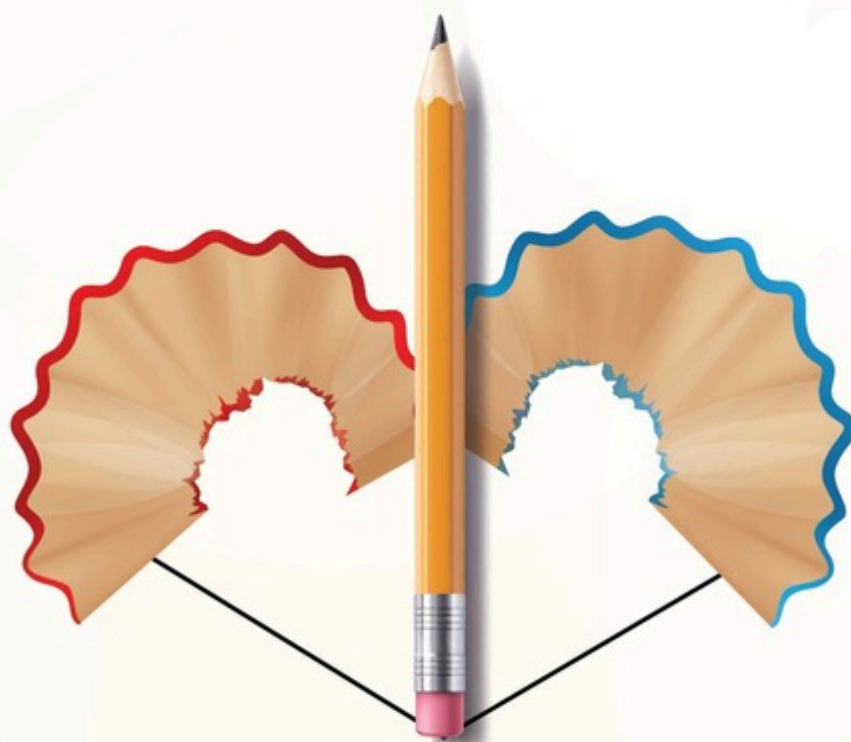

Types of seeds and seed parts activities:
These activities provide interactive ways to learn about seeds through observation, classification, and creative activities! 🌱📚

Meeting Section

Meeting

The POCSO (Protection of Children from Sexual Offences) Committee meeting was successfully conducted at Brighton World School

Attending the Principal Conclave – "Shaping : Ambition, Education and Innovation".

A platform where visionary leaders gather to shape the future of education through insightful discussions and groundbreaking ideas.

Sharing a few glimpses from the event.

Brighton World School conducted the Cultural Committee Meeting for the Academic Year 2025–26 to plan and organize various cultural events, celebrations, and student engagement activities for the upcoming academic year.

CRC Meeting

Sharing the Glimpses of the CRC Meeting attended by Mr. Rohidas Patil(Clerk)from Brighton World School.

The meeting highlighted key pending tasks:

- 1. SQAFF Work**
- 2. Aapaar ID Work**
- 3. UDISE Work**

The session served as an important checkpoint to streamline administrative responsibilities and ensure timely completion of educational documentation.

Dr. Ritu Thakur Ma'am attended CoE Pune's consultative meeting on the newly developed Training Manual: STEM-Education Teaching and Learning for experienced ToT-trained Science and Mathematics teachers.

The meeting was held at Kanakiya International School, Indralok, Bhayander, on 10 April 2025.

PTA EC Meeting

"Brighton World School successfully conducted the Parent-Teacher Association (PTA) Formation Meeting."

Audit Meeting

We are pleased to share that Ms. Prajakta (Accountant) and Mr. Rohidas Patil (Clerk) visited Nashik today for audit work. The visit has been insightful and productive, contributing significantly to our ongoing efforts to enhance transparency and operational efficiency.

Staff Meeting

Review Meeting of Teachers (30 Days Work Planning)

A review meeting was conducted to reflect on 30 days' work and plan ahead.

The session emphasized teamwork, innovation, discipline, and continuous improvement.

With collective efforts and positive energy, we are ready to take the next steps forward.

Head Girl & Head Boy Captain & Vice Captain Interview Process

Brighton World School Begins Phase 1 of Investiture Ceremony

Brighton World School has officially initiated the first phase of the Investiture Ceremony through the interview process for key student leadership roles. Students enthusiastically participated in interviews for the following positions:

Head Boy

Head Girl

House Captains & House Vice
Captains (for all houses)

This phase was designed to identify students who display exceptional leadership qualities, confidence, and a sense of responsibility.

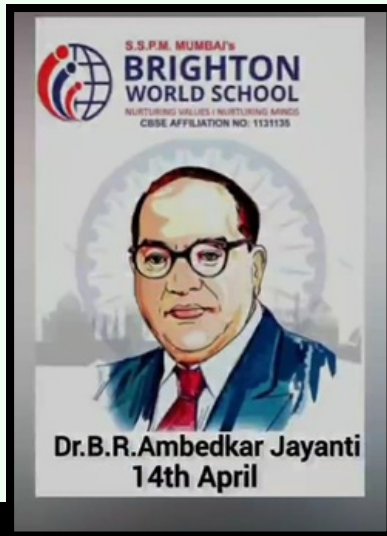

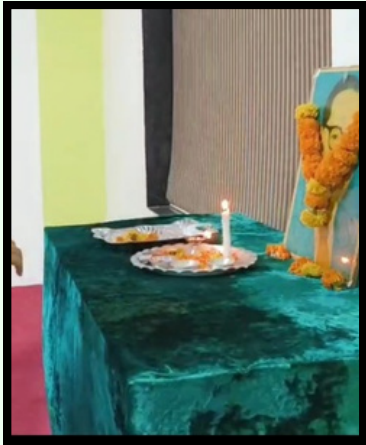

Following this process, the school will move on to Phase 2, which includes campaigning and the election process, where shortlisted candidates will present their vision and plans to the student body. This democratic process encourages active participation and helps instill the values of leadership, communication, and integrity.

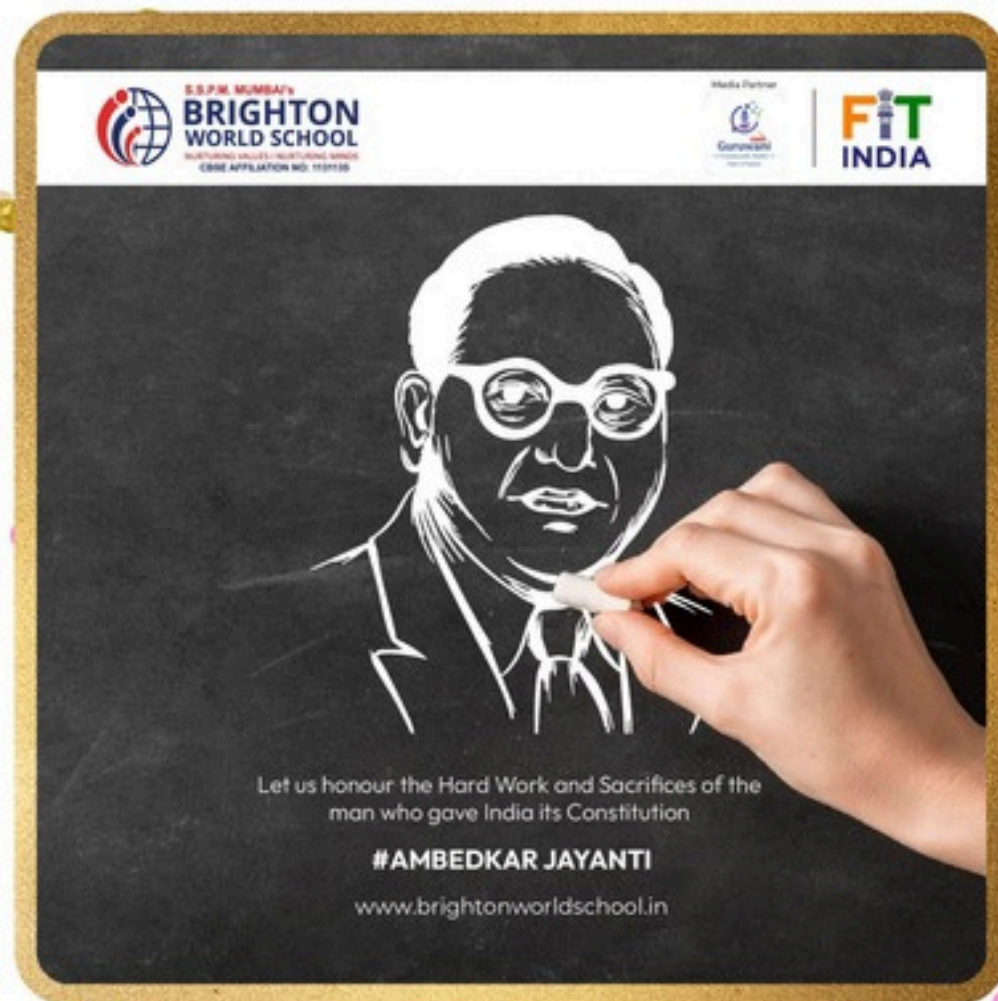

Dr. Babasaheb Ambedkar Jayanti

At Brighton World School, Dr. Babasaheb Ambedkar Jayanti was celebrated with great respect and enthusiasm. Students participated in various activities like speeches, essays, and cultural programs to honor his life and contributions

Student-Led Conference Held at St. Lawrence International School

A photograph of three students, two boys and one girl, sitting at a table. They are all smiling and looking towards the camera. The boy on the left is wearing a light-colored shirt and a yellow tie. The girl in the middle is wearing a green shirt and a red vest. The boy on the right is wearing a white shirt and a red vest. They appear to be in a classroom or a school setting.

TE Lawrence International School successfully hosted a Student-Led Conference for its Primary section on March 12 and 13.

Graduation Day Celebration at Brighton World School

Physics Practical

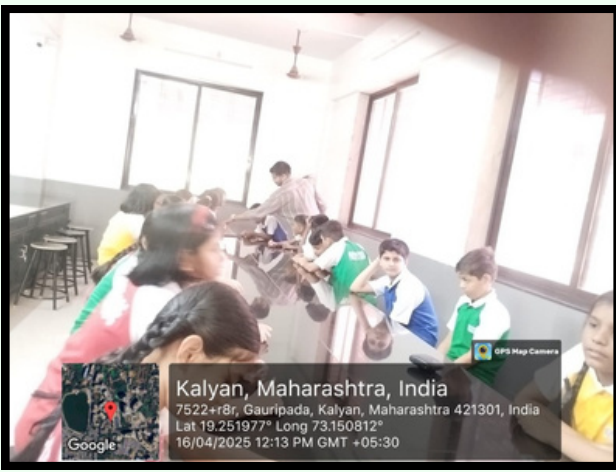

Physics Practical – Understanding Different Types of Magnets
our students engaged in a hands-on Physics activity where they explored bar magnets, horseshoe magnets, ring magnets, and disc magnets. Through various experiments—testing strength, identifying poles, and observing attraction/repulsion—they developed a deeper understanding of magnetic properties.

Thought behind the activity:

“Learning becomes more meaningful when students experience the concept in action. This practical not only sparked curiosity but also encouraged observation, prediction, and analysis — key elements of scientific thinking.”

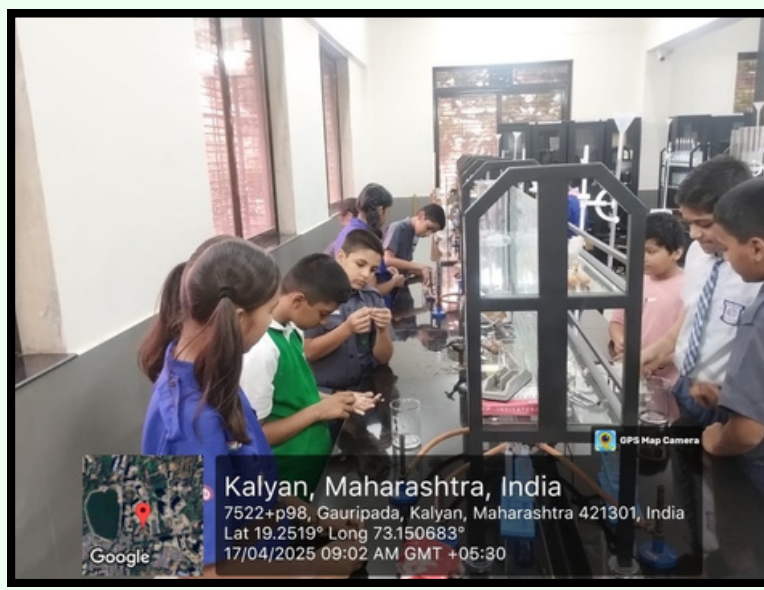

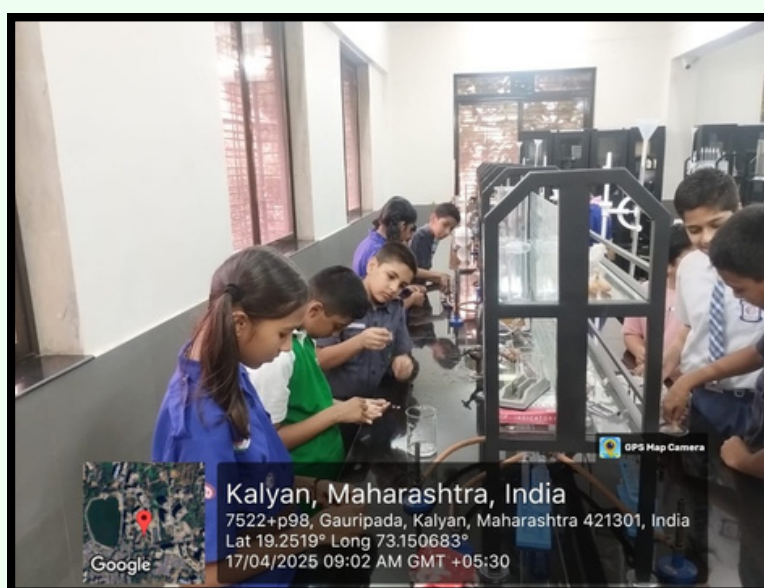

Kudos to our young explorers for their active participation and scientific spirit!

Science Practical

To test acidic/basic/neutral behaviour of different chemical substances using litmus paper and turmaric paper

Promoting Hand Hygiene Through Interactive Learning Activity

Students learned the importance of hand hygiene through a fun, practical activity using the Hand Washing Song. We demonstrated correct washing steps, recited the poem confidently, and connected the practice to daily life. The activity enhanced awareness, promoted teamwork, and encouraged healthy habits to prevent the spread of germs.

G.K. Quiz Competition

Learning objectives for a G.K. competition:

- 1.To enhance general awareness across various subjects and current events.**
- 2.To develop quick thinking, memory, and recall skills.**
- 3.To encourage curiosity and a love for continuous learning.**
- 4.To build confidence in expressing knowledge.**
- 5.To promote healthy competition and teamwork.**

G.K. Quiz Competition

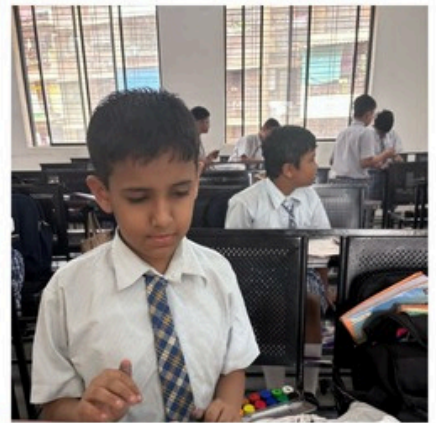

Pidilite Workshop

We are delighted to share that the Pidilite Workshop was successfully conducted at Brighton World School. The session was engaging, creative, and filled with joyful moments as our young learners explored their artistic sides using Pidilite products.

Such hands-on activities not only spark creativity but also enhance fine motor skills and imaginative thinking among children. We thank all parents for their continued support in making these experiences enriching and memorable for our students!

School Election

We are delighted to share that the election process for the Head Boy and Head Girl was successfully conducted today at Brighton World School.

This event not only marks a significant milestone for our student council but also instills the values of leadership, responsibility, and democratic participation among our young learners. It was heartwarming to see the enthusiasm, sportsmanship, and sense of fairness displayed by all the candidates and voters alike.

We look forward to witnessing our newly elected leaders take on their roles with commitment and inspire their peers through their actions.

Road Safety Training

Road safety training was conducted at Brighon World School by Aher Honda.

Paper presentation by Dr. Ritu Thakur Ma'am

Dr. Ritu Thakur (Academic Coordinator) of Brighton World School presented and published a research paper at the International Conference on “Research and Methodology in Education through AI: Uplifting the Education System,” organized by S.D.T. Kalani College of Education.

Investiture Ceremony

Brighton World School | Investiture Ceremony 2025–26

Proudly sharing the highlights of our Investiture Ceremony for the academic year 2025–26, where leadership met responsibility!

We were honoured by the presence of our Chief Guest, Mr. Mahindra Patil, Assistant Police Inspector, Ambernath, and our Guest of Honour, Dr. Lagashetty V. S., Academic Director of SSPM Mumbai's.

Their inspiring words and gracious presence added immense value to this significant occasion as we formally entrusted our young leaders with their duties.

Watch the moments of pride, discipline, and commitment unfold!

HAPPY BIRTHDAY

At Brighon World School, the management celebrates the birthdays of students and teachers every month by organizing a cake-cutting ceremony. This was also done in the month of April.

Robotics Evolution

Robots have fascinated humans for centuries. From ancient myths about mechanical servants to today's intelligent machines, the journey of robotics is an exciting story of innovation and imagination.

The earliest ideas of robots can be traced back to ancient Greece, where legends spoke of mechanical beings created by gods. However, it wasn't until the 20th century that real robots started to appear. In 1956, George Devol and Joseph Engelberger created the first industrial robot, called Unimate, which worked on car assembly lines.

Since then, robotics has grown rapidly. In the 1980s and 1990s, robots became smarter and smaller. They started helping in hospitals, doing dangerous jobs like bomb disposal, and even exploring space — think about the Mars rovers like Spirit and Curiosity!

Today, robots are everywhere — in our homes, helping clean floors (Roomba), in factories, hospitals, and even in entertainment. Thanks to Artificial Intelligence (AI), modern robots can learn, make decisions, and even interact with people.

The future of robotics looks even more exciting. Scientists are working on robots that can think like humans, perform surgeries with precision, help during natural disasters, and explore distant planets. Maybe one day, robots will even become our everyday companions!

Ms. Sangmeshwari Gaikwad

Grade:- IX

Future-Ready: Why AI and Robotics Belong in Every Classroom

In a world that's changing faster than ever, one thing is certain — the future will be powered by Artificial Intelligence (AI) and Robotics. From voice assistants like Alexa to robots that perform surgeries, the machines we once saw only in sci-fi movies are now part of our everyday lives. But are we preparing our students for this intelligent future?

The answer lies in learning AI and robotics — not tomorrow, but today.

Introducing students to these fields early equips them with more than just tech skills. It teaches them how to think. Programming a robot or training a basic AI system isn't just about coding — it's about problem-solving, creativity, logical thinking, and working collaboratively to build solutions.

Here's how students benefit:

- **Creativity Meets Technology:** Designing robots encourages imagination, turning ideas into reality.
- **Critical Thinking:** AI teaches students to analyze patterns, data, and make decisions — just like real-life problem-solvers.
- **Career Readiness:** Jobs in AI and robotics are growing rapidly. Learning these now gives students a head start.
- **Confidence in a Tech-Driven World:** Instead of fearing machines, students learn to master them, building confidence to lead the future.

Schools that embrace AI and robotics aren't just teaching subjects — they're building innovators, leaders, and thinkers for the 21st century.

The future isn't waiting. Let's ensure our students are not just users of technology — but creators of it.

Mrs. Tejaswini Mhatre
Robobox Teacher

Parents Feedback

As parent I am truly grateful for the wonderful environment Brighton World School provides. Teachers are really helpful and dedicated. The curriculum is well designed, offering a great balance between academics and extra curricular activities.

Most importantly my child feels happy , safe and excited to go to school every day.

Thanks you so much

GUIDELINES TO PARENTS AND GUARDIANS

Dear Parents and Guardians,

As partners in your child's education, your involvement is crucial to their success and well-being. Here are some friendly guidelines to help you support your child's learning journey:

1. **Stay Informed**

- Keep up with school events, policies, and curriculum changes. Regularly check the school's website and newsletters for updates.

2. **Encourage Open Communication**

- Foster an environment where your child feels comfortable discussing their school day. Ask open-ended questions about their classes, friends, and activities.

3. **Support Homework and Study Habits**

- Create a designated study space at home and establish a routine for homework. Encourage your child to ask for help when needed and to manage their time effectively.

4. **Promote Reading and Learning**

- Encourage a love for reading by providing access to books and discussing stories together. Explore educational resources and activities that align with their interests.

5. **Get Involved**

- Participate in school events, volunteer opportunities, and parent-teacher meetings. Your involvement shows your child that you value their education.

6. **Encourage Extracurricular Activities**

- Support your child in exploring extracurricular activities, whether it's sports, music, art, or clubs. These experiences can enhance their social skills and personal growth.

7. **Teach Digital Responsibility**

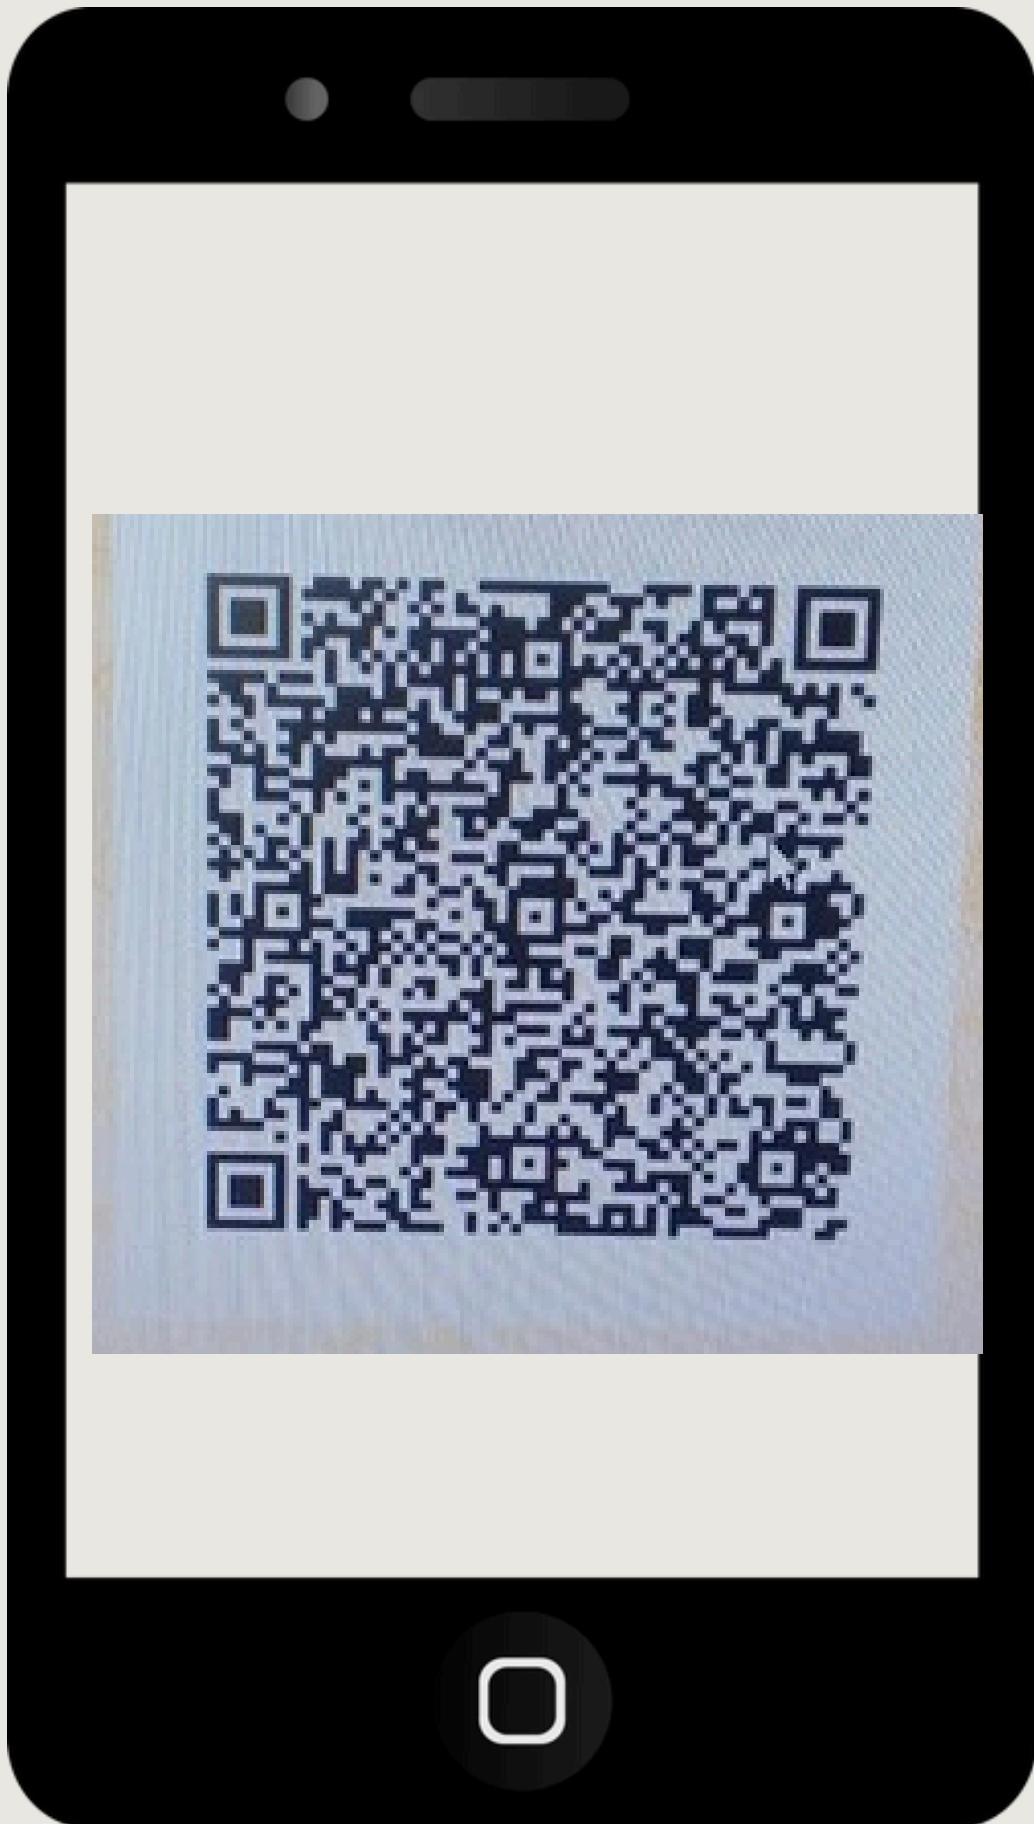

- Discuss the importance of online safety and responsible use of technology. Encourage your child to think critically about the information they encounter online.
